Summary

Motivated and self-taught frontend developer with a solid background in web development, IT support, and education. I specialize in building responsive, user-friendly web applications using **React**, **Next.js**, **TypeScript**, and **Tailwind CSS**. I'm a passionate **lifelong learner** with a keen eye for detail, **strong problem-solving abilities**, and a collaborative spirit. Outside of tech, I enjoy **reading** books and playing logic games like **Chess** and **Sudoku**. I'm seeking opportunities to contribute to impactful projects and grow within a dynamic development team.

 <https://wellcare-ten.vercel.app/>

- Built with **Next.js**, **Tailwind**, **TypeScript**.
- Developed a multi-page, modern, responsive clinic website.

Nords Bakery

 <https://nordsbakery.vercel.app/>

- Built with **Next.js**, **Tailwind**, **TypeScript**.
- Created a responsive, animated bakery website with engaging visual elements.

Blogify

 <https://rolex-blogify.vercel.app/>

- Built with Next.js, TypeScript Prisma, Supabase, Tailwind CSS
 - Developed a full-stack blog application that allows users to authenticate via Google, create and manage posts, and view published content in a clean, responsive interface. The app utilizes server components and server actions in Next.js 14 for optimized performance and maintainability.
 - Data is managed using Prisma ORM with Supabase as the backend. Features include user authentication, post creation/editing, Markdown support, and dynamic routing.
 - Styled with Tailwind CSS to ensure a modern, mobile-first design.
-

Freelance Work

Cybersecurity Finland (Via Upwork)

 <https://cybsec-fin.vercel.app/>
